

DO YOU HAVE A CHAMPION EMPLOYER IN YOUR COMMUNITY?

In keeping with the TOOLS [th]at WORK promotional campaign, KPDSB is looking for regional OYAP or Cooperative Education student/employer success stories. KPDSB would like to promote the variety of “skilled trades” options and those community employers who support secondary school experiential learning opportunities. These success stories may be featured in “Employers Wanted” newspaper advertising, as an interview on 60-second radio spots or in “THE work Report” bi-annual newsletter. Please submit your community’s Champion Employer success stories on this template via email to info@toolsthatwork.ca or by fax to (807) 223-5595.
